

Dear Colleagues,

Greetings from the Editor's Desk...!!!

It is my great pleasure to inform you that we have started a series of supplementary issues of our journal to expedite the publishing of the research papers or our region. It is a very healthy sign which confirms your trust and faith in the journal and will help us move towards meaningful indexing at a faster pace. We are extremely thankful to everyone for this support.

I would like to put on records my sincere thanks to our executive editor Dr Ruchika Garg for all her hard work in streamlining the working of our journal. This also wouldn't have been possible without the cooperation and collaboration of our assistant editors Dr Salma Rouf and Dr Shikha Seth & Associate Editor Dr Neharika Malhotra and to all our reviewers whose timely reviewing has helped us come out with all the issues well in time.

Sincere gratitude to millions of viewers from all over the world and also the contributors apart from the SAFOG region for having faith and trust in our journal and sending us their wonderful research and original articles for the publication.

I am also very happy to inform you that from this issue itself, we are going to have a guest editorial by our senior members of the organization, and it will also bring to light on their thoughts about the MCH services in our region and the key areas to focus on, which will give a lot of direction to the member countries to work on. So, look forward to each one of our senior colleagues from the region in the future issues to come.

I am also looking forward to a lot of interaction from each one of you and will soon be starting another section of letter to the editor.

Please feel free to voice your opinion and we will do our best to work on it.

Thank you so much.

Jaideep Malhotra
