Increasingly, important bibliometric indicator that is commonly used as a measure of journal evaluation, is the criterion of citation. In addition to an internationally recognized index 'Impact Factor' talks about the introduction of Polish citation index, which can have a significant effect on the scores of journals in the parameterization carried out by the Ministry of Science and Higher. Building citation rating is a long-lasting process which required strict strategy which is consistently inculcated. In that case, I would like to offer you specially prepared for Journal of SAFOG (ISSN: 0974-8938) IC expertise. IC expertise developed by our specialists and contains strict recommendations and initiatives which can be taken to improve the Journal. The recommendations will help to gain better scores in different kind of evaluations and especially in gaining better citation results. They will also help the journal in presenting itself at the international scientific market. The journals which have decided to purchase IC expertise and applied our recommendations contained therein, gradually strengthened its position in the international scientific community and to achieve better results in all sorts of parameterizations and evaluations.

In addition, we would also like to inform you that, after gaining the ICV ratio, you can buy IndexCopernicus logo, which clearly shows that the journal is indexed in our database and creates journals brand and its prestige or order a decorative certificate of IC Journal Master List 2012.
