

Editorial 1

Excellence is an art won by training and habituation. We do not act rightly because we have virtue or excellence, but we rather have those because we have acted rightly. We are what we repeatedly do. Excellence, then, is not an act but a habit. — Aristotle

Hearty Greetings!

It is a matter of proud privilege for me to join as the Editor-in-Chief of the esteemed Journal of South Asian Federation of Obstetrics and Gynaecology (JSAFOG). I need the guidance and assistance of our esteemed editorial board members to take the journal to greater heights by improving the scientific content of the journal, further promotion and better research in SAFOG countries.

I would like to appreciate and thank our Immediate Past Editor-in-Chief Dr Narendra Malhotra who did all the efforts to lay the foundations of the journal and established it in SAFOG countries. We sometimes lack in proper statistical analysis of our studies. So, this has to be stressed upon.

From the core of my heart, I wish to thank you all for your efforts in making SAFOG scale new heights and creating new benchmark.

We need to increase our scientific quest. We can do this all not overnight but with continued efforts.

Let SAFOG journal become the icon that it deserves to be.
